THE DOMINICA BUREAU OF STANDARDS
IS NOW A NEW ACTIVE MEMBER OF COPANT

The Dominica Bureau of Standards (DBOS) recently joined COPANT as an active member, we are now an organization with 33 active members and 10 adherent members.

DBOS was established by the Standards Act 4 of 1999 and has the statutory responsibility for the development and maintenance of National Standards for Goods and Services produced and used in the Commonwealth of Dominica.

The core competencies of the Bureau are preparation and development of Standards for products, systems, and processes; development and establishment of food safety and quality management system, product testing, inspection and certification, Good manufacturing practice (GMPS), Standard operating procedure (SOPs) and Sanitation Standard Operating Procedures (SSOPs), calibration and testing various measuring and weighing devices, training and various consultancy services.

COPANT welcomes our new member and wishes that this new partnership will benefit DBOS and its stakeholders.
